

#### PRODUCT DESCRIPTION

Even with constant changing and care, baby bottoms in diapers are a breeding ground for skin problems and irritations. For extra protection between changes and soothing relief from excessive inflammation, the natural ingredients of our Diaper Rash Cream provide a powerful barrier to prevent further harm. Featuring the time-tested mineral zinc oxide along with natural seed oils and beeswax, this cream provides a protective layer to calm skin reactions and seal out wetness so bottoms get better.

#### PRIMARY BENEFITS

- » Formulated with USP non-nano zinc oxide
- » Gentle diaper rash relief
- » Forms a protective layer on baby's skin to soothe irritated skin due to diaper rash
- » Helps prevent redness and irritation
- » Protects chafed skin due to diaper rash and helps seal out wetness

#### DIRECTIONS

Apply to clean, dry diaper area with every change. Apply generously for overnights, or prolonged exposure to wetness.

#### PRECAUTION

For external use only.

#### INGREDIENTS

*Helianthus annuus* (Organic Sunflower Seed Oil)  
*Simmondsia chinensis* (Jojoba Oil)  
USP Zinc Oxide (Non-Nano)
