**PRODUCT DESCRIPTION**

Eucalyptus is often a key ingredient in cosmetics and perfumes. Eucalyptus has a uniquely fresh and clean aroma.

Also called Gum Trees, Eucalyptus trees are evergreen and can attain 50 feet. Eucalyptus globulus contains two key chemical elements: alpha-terpineol and eucalyptol, which are crucial for boosting respiratory functions, problem-free breathing and relieving achy muscles. You will also find Eucalyptus in mouth rinses where it aids in boosting oral health and freshening breath.

**PRIMARY BENEFITS AND SAMPLE USES**

» Supports general respiratory well-being
» Relaxes weary, aching muscles
» Sanitizing and cleansing properties
» Aids in reducing cough by applying to your chest
» Improves mental clarity

**DIRECTIONS**

**Steam Inhalation:** Add 2–3 drops to a cup of steaming water and inhale.

**Diffusion:** Diffuse 3–5 drops or more in the Purely diffuser.

**Topical:** Dilute 1–2 drops with a Purely carrier oil before use according to the dilution table shown. Be sure to test for sensitivity.

**Cleaning spray:** In a spray bottle filled with 16 oz. of water, add 15–20 drops of Eucalyptus oil and the solution can kill airborne bacteria and viruses.
