

PRODUCT DESCRIPTION

Hyaluronic Acid is naturally produced in our bodies, and is present in large amounts between skin cells. It provides moisture and plumpness to your skin.

Over time and with increased sun exposure, the body's production of Hyaluronic Acid decreases. By incorporating it into your skincare routine, you can boost your skin's hyaluronic content level to help restore its younger, smoother and supple look.

PRIMARY BENEFITS AND SAMPLE USES

- » Hydrates and retains moisture content
- » Plumps fine lines and wrinkles
- » Smooths and softens skin
- » Helps repair and strengthen skin's protective barrier
- » Provides antioxidant defense against free-radical damage

DIRECTIONS

Apply a thin layer on face and neck or areas that need moisturizing twice a day.

PRECAUTION

Discontinue use if irritation occurs. Avoid contact with eyes. If contact occurs, rinse immediately with water. For external use only.
