

DILUTION TABLE

Drops of EO for 1 tsp. of carrier oil	
1%	1
2%	2
5%	5

TIP: Using the dilution table, you need 24 drops of essential oil for a full 4 oz. bottle of Immerse to achieve a 1% ratio.

PRODUCT DESCRIPTION

Immerse is a unique blend of natural oils that provides the perfect moisture balance for your skin. This ultra-fine carrier oil absorbs quickly with no oily residue to nourish your face & body.

Essential oils are powerful, concentrated compounds and should be diluted when used on your skin. Blending an essential oil with a carrier oil such as Immerse creates the most enjoyable and beneficial experience when applying essential oils. It aids absorption and helps avoid skin irritation and sensitivity. It also provides moisturizing benefits to give you softer, healthier skin.

PRIMARY BENEFITS AND SAMPLE USES

- » Can be used with any topical essential oil
- » Provides excellent absorption
- » Moisturizes skin and soothes irritations
- » Rich source of antioxidants to fight free radicals
- » Increases skin's resiliency
- » Helps reduce the signs of aging on your skin
- » Can be used on sensitive areas such as the face

DIRECTIONS

Use the ratios found in the dilution table to mix the proper amounts of essential oil and carrier oil for topical application. Immerse can also be applied directly without essential oil as a moisturizer.

PRECAUTION

Keep out of reach of children. When mixed with essential oils, always test a small area for sensitivity first. Avoid contact with sensitive areas such as your eyes. Store away from light and heat. For topical use only.
